FairShield+ Upholstery Finishes

FairShield+ topcoat (available on upholstery finishes only) offers enhanced chemical, moisture, mar and scratch resistance; ideal for high-use commercial environments or the every-day wear and tear of residential environments. The clear top-coat conversion varnish forms a chemically cross-linked barrier that is more resistant to wear and abrasion and is more impervious to moisture and commercial cleaning materials. FairShield+ is also formulated with UV inhibitors to reduce the harmful effects of sunlight and features silver ion technology (antimicrobial agent) to help preserve the finish and protect it against mold, mildew, fungus and odor-causing bacteria.

Cleaning Tips for FairShield+ Upholstery Finishes

The "silver ion" technology in our FairShield+ finish topcoat means that it deters the growth of bacteria. Clorox wipes can be used to clean and remove soiled areas on the finish surface, using the wipe on, wipe off method. First, wipe on the surface with a Clorox wipe. Then immediately wipe off with a damp cloth. Agents with less than 5% ammonium chloride and agents with sodium chloride or sodium chlorite may also be used to clean the finish surface. After cleaning the finish surface with one of these three agents, we strongly suggest that the finish surface be cleaned with warm, clear water and dried with a soft cloth.

Note: All standard upholstery finishes are available as FairShield+ by specifying the suffix "FS" following the name of the finish (i.e. Cafe Mocha-FS).

Wood Cleaning & Care | Standard, Premium Upholstery Finishes & Monogram Casework

- It is important to ensure that the surface is dried.
- Always wipe in the direction of the wood grain.
- Household polishes that are wax free and silicone free can be used on an infrequent basis (we recommend Guardsman Furniture Polish).
- Routine cleaning will prevent long term damage from dirt and grease which will form a film over time, dulling and discoloring the finish.
- Using anything other than a mild soap solution and then drying the surface with a soft cloth may damage the finish.
- Where possible, keep finish away from exposure to direct sun. Over time sunlight may change the color of the finish, and/or damage the finish.
- Avoid extreme temperature or moisture as they can cause wood to expand or contract leading to potential coating damage.

Kickplates - Bar and Counter Stools

Kickplate finish for bar and counter stools will be consistent with selected nailhead trim.

- Nickel or pewter nails will have a nickel kickplate.
- Brass nails will have a brushed brass kickplate.
- Aged bronze nails will have an aged bronze kickplate.

Nailhead Trim Options

When selecting your nailhead trim, please specify the number, size, and color (**example: 1009 Small Pewter**).

If a frame is standard with nails, Brass finish will be applied, unless otherwise specified.

Please see individual items in price list for availability and pricing. Please see the website for color photos of each nail.

Pricing Formula (U+ Fabrics)

Each frame lists individual pricing from grades D through U; however, some fabrics may fall beyond U grade. These fabrics are graded using a **“U+” format**.

Fairfield uses the following formula for “U+” fabrics:

$$(\# \text{ of grades above U}) \times \text{Riser} + \text{U Grade} = \text{Price}$$

Please Note: Risers, U Grade Pricing and U+ Pricing Formulas are provided for each individual item throughout the price list. See each individual frame for this information.

For example*: If you choose to upholster the 1431-01 Lounge Chair in fabric 4995 Poppy (which currently is a U+8 grade), you will use the following formula:

$$8 (\# \text{ of grades above U}) \times \$15 (\text{Riser}) + \$2,340 (\text{U Grade price}) = \$2,460$$

1431-01 Lounge Chair in fabric 4995 Poppy (U+8) would be \$2,460*

*This example is for illustrative purposes only.

Should a manufacturing issue or transit-related damage arise, Fairfield reserves the right to repair or replace the item(s) involved. If a local medic can sufficiently repair and restore the piece(s) to first-quality condition, Fairfield will proceed in that manner. On-site repairs allow the customer to begin utilizing the product sooner and avoid unnecessary costs and time delays involved in a replacement.

Warranty service is handled through the original furniture agent/dealer. Should service be needed, contract your furniture agent/dealer. After receiving Fairfield authorization, the agent/dealer will either repair, replace or return the defective item(s) to the factory for review and disposition. Fairfield's responsibility for transportation cost and labor is limited to one (1) year from the original invoice date and for transportation between the agent/dealer's original shipment location and the factory. If the product has been moved to another location than the original shipment receipt location, Fairfield is not responsible for the transportation cost to return to the original shipment receipt location.

Replacement parts for office mechanisms, office bases, loose seat cushions, back pillow cores, and swivel bases are without charge when covered under this warranty. Installation of these items is the responsibility of the agent/dealer and is not covered by this warranty.

Fabric matching standards will be determined by Fairfield unless specified by the customer. Please note that seams are often required when applying the material in a non-railroaded (directional) application. This application is at the discretion of Fairfield and is not considered a defect in workmanship.

Color variations in finishes - some unavoidable natural variations occur in wood species, both solids and veneers, and are an inherent natural characteristic of wooden furniture. These characteristics are not considered a defect in materials or workmanship and therefore are not a basis for a warranty claim.

Our upholstered frames are constructed to support individuals up to 300 pounds per seat and our Bariatric Chairs are constructed to support individuals up to 500 pounds per seat. Testing results are based on BIFMA standards.

Consequential and incidental damages are excluded from this warranty. This warranty gives you specific legal right, and you may also have other rights that vary from state to state.

Alterations of any type to the product by the customer/agent/dealer will nullify the warranty entirely.

*Coverage of warranty begins at date of invoice.
