Upholstery and Casegood Custom Finishes

All our hand-applied finishes require multiple steps from our skilled American artisans. As a result, each piece will be unique with variations in color, shading, burnishing, distressing, crackle and/or texture. Each piece is treated as a true work of art, one-of-a-kind pieces that are rich in beauty and personality. To preserve this character, we offer FairShield+ as a standard application on all upholstery finishes. This clear, protective topcoat varnish forms a chemically cross-linked barrier that is more resistant to wear and more impervious to moisture & commercial cleaning materials. FairShield+ is also formulated with UV inhibitors to reduce the harmful effects of sunlight and features silver ion technology (an antimicrobial agent) to help preserve the finish and protect against mold, mildew, fungus and odor-causing bacteria. Our Casegood finishes for Monogram have a Conversion Varnish topcoat.

Upholstery Custom Finishes Cleaning Tips

The “silver ion” technology in our FairShield+ finish topcoat means that it deters the growth of bacteria. Clorox wipes can be used to clean and remove soiled areas on the finish surface, using the wipe on, wipe off method. First, wipe on the surface with a Clorox wipe. Then immediately wipe off with a damp cloth. Agents with less than 5% ammonium chloride and agents with sodium chloride or sodium chlorite may also be used to clean the finish surface. After cleaning the finish surface with one of these three agents, we strongly suggest that the finish surface be cleaned with warm, clear water and dried with a soft cloth.

Wood Cleaning & Care

- It is important to ensure that the surface is dried.
- Always wipe in the direction of the wood grain.
- Household polishes that are wax free and silicone free can be used on an infrequent basis (we recommend Guardsman Furniture Polish).
- Routine cleaning will prevent long term damage from dirt and grease which will form a film over time, dulling and discoloring the finish.
- Using anything other than a mild soap solution and then drying the surface with a soft cloth may damage the finish.
- Where possible, keep finish away from exposure to direct sun. Over time sunlight may change the color of the finish, and/or damage the finish.
- Avoid extreme temperature or moisture as they can cause wood to expand or contract leading to potential coating damage.

CREATE YOUR OWN CUSTOM PAINT PROGRAM

Select any wall paint color from Sherwin-Williams (or any other brand). For accurate matching, please provide the paint brand, paint name and paint number. Paint matching (finish code = PM) is not available on upholstery but is offered on 750+ Casegoods styles and all Monogram styles. All Create Your Own styles are sealed with a conversion varnish topcoat finished to a medium sheen.

CUSTOM EMBELLISHMENTS & STRIPING

Custom Embellishments (i.e., choice of contrast doors, drawers or interiors) are offered on Monogram and Create Your Own styles for a 25% upcharge. Striping highlights are available in your choice of Aged Gold, Pewter, Platinum or Gold for a \$450 upcharge. Striping application is at the factory’s discretion, unless otherwise specified.

CONVERSION VARNISH

Ideal for high-use environments, Conversion Varnish resists wear and is more impervious to moisture. You can add Conversion Varnish to stocked, pre-finished Casegoods with a wooden surface (top surface only) for a 15% upcharge or a \$450 minimum charge.

Pricing Formula (U+ Fabrics)

Each frame lists individual pricing from grades D through U; however, some fabrics may fall beyond U grade. These fabrics are graded using a "U+" format.

Fairfield uses the following formula for "U+" fabrics:
(# of grades above U) × Riser + U Grade = Price

Please Note: Risers, U Grade Pricing and U+ Pricing Formulas are provided for each individual item throughout the price list. See each individual frame for this information.

For example*: If you choose to upholster the 1431-01 Lounge Chair in fabric 4995 Poppy (which currently is a U+8 grade), you will use the following formula:

$$8 \text{ (# of grades above U)} \times \$15 \text{ (Riser)} + \$2,340 \text{ (U Grade price)} = \$2,460$$

1431-01 Lounge Chair in fabric 4995 Poppy (U+8) would be \$2,460*

*This example is for illustrative purposes only.

Freight claims must be communicated within 15 days of receipt of products. Storage or installation of Fairfield products in any facility other than a temperature and humidity controlled environment voids all warranties, expressed or implied.

Fairfield Warranty Information *(continued)*

Casegoods	Residential Coverage*	Commercial Coverage*	Exclusions
Casegood Wood Products	One (1) year	One (1) year	Fairfield warrants standard catalog products for one year from the date of invoice against defects in workmanship when put to ordinary use. This warranty does not cover damage or injury caused by unreasonable or abusive use, climatic/environmental conditions, issues caused during installation, freight damage, unauthorized repair, failure to provide necessary or reasonable care, by accident, alteration, tampering or negligence. Variations in raw materials, wood grain, color, texture, markings and distressing are inherent natural characteristics of wooden furniture. Natural color changes, variations, or movement in lumber or veneer products, and exposure to extreme temperature changes and/or direct sunlight, may cause color and/or surface changes which are not considered defects. Certain casegood products are made with a variety of materials found in nature. These include, but are not limited to, various wood and plant species, stone and minerals, shells and certain animal bi-products. Fairfield warrants these materials free from defects and workmanship for a period of one (1) year from date of invoice to the original agent/dealer. However, certain changes in these materials over time are expected and are not considered defects.
Marble and Stone Tops	120 Days	120 Days	Marble and stone tops are warranted to be free of defects in material and workmanship when put to ordinary use for 120 days from the date of invoice. Variations in raw materials, color, texture, veins and voids are a natural character of this product and are not considered a defect. Due to the absorbent characteristics of genuine marble, Fairfield does not warrant against stains that occur as result of spills. Marble and Stone should be inspected at the time of delivery.
Acrylic, Glass and Mirrors	120 Days	120 Days	Acrylic, Glass and Mirrors are warranted against defects in materials and workmanship when put to ordinary use for 120 days of invoice. Chips and scratches that occur from handling after delivery are not the responsibility of Fairfield. Glass and Mirror products should be inspected at the time of delivery.

General Warranty Statements

The following conditions apply to this warranty except where prohibited by law:

This warranty is valid for the original agent/dealer from the date of invoice and warrants the products to be free of defects in materials and workmanship when put to ordinary use for the length of time specified.

It is always the primary intention of Fairfield to deliver first quality furniture to our customers. Should a manufacturing issue or transit-related damage arise, Fairfield reserves the right to repair or replace the item(s) involved. If a local medic can sufficiently repair and restore the piece(s) to first-quality condition, Fairfield will proceed in that manner. On-site repairs allow the customer to begin utilizing the product sooner and avoid unnecessary costs and time delays involved in a replacement.

Warranty service is handled through the original furniture agent/dealer. Should service be needed, contract your furniture agent/dealer. After receiving Fairfield authorization, the agent/dealer will either repair, replace or return the defective item(s) to the factory for review and disposition. Fairfield's responsibility for transportation cost and labor is limited to one (1) year from the original invoice date and for transportation between the agent/dealer's original shipment location and the factory. If the product has been moved to another location than the original shipment receipt location, Fairfield is not responsible for the transportation cost to return to the original shipment receipt location.

Replacement parts for office mechanisms, office bases, loose seat cushions, back pillow cores, and swivel bases are without charge when covered under this warranty. Installation of these items is the responsibility of the agent/dealer and is not covered by this warranty.

Fabric matching standards will be determined by Fairfield unless specified by the customer. Please note that seams are often required when applying the material in a non-railroaded (directional) application. This application is at the discretion of Fairfield and is not considered a defect in workmanship.

Color variations in finishes - some unavoidable natural variations occur in wood species, both solids and veneers, and are an inherent natural characteristic of wooden furniture. These characteristics are not considered a defect in materials or workmanship and therefore are not a basis for a warranty claim.

Our upholstered frames are constructed to support individuals up to 300 pounds per seat and our Bariatric Chairs are constructed to support individuals up to 500 pounds per seat. Testing results are based on BIFMA standards.

Consequential and incidental damages are excluded from this warranty. This warranty gives you specific legal right, and you may also have other rights that vary from state to state.

Alterations of any type to the product by the customer/agent/dealer will nullify the warranty entirely.

*Coverage of warranty begins at date of invoice.

COM / COL Instructions

(Please Read very carefully.)

To follow is BOTH COM form to submit with PO, and COM Yardage Quote Form.

Submit POs to OrderDept@fairfieldchair.com with completed COM form.

Submit quote requests to YardageQuotes@fairfieldchair.com.

Send COM / COL to:
Fairfield Chair / Attn: COM Dept
606 Kincaid Circle SW
Lenoir NC 28645

COM Form to follow must accompany the fabric. If fabric is sent without the form, it may cause a delay in production.

Include Customer name, customer ack, and SKU to be covered when sending COM / COL.

- * All COM must have backing or it will be rejected.
- * Fabrics with more than 40% silk content will not be accepted.
- * All fabrics containing silk or silk-like fabrics must have a knit backing.
- * All fabric must be a quality upholstery material. Fairfield reserves the right to reject any material that does not meet our standards and Fairfield is not responsible for defective COM/COL.
- * Do not assume fabric application is obvious. Send a diagram to be sure.
- * Fabric must be between 52" and 60" wide. Stripes are applied vertically unless otherwise noted
- * Fairfield recommends requesting a yardage quote if covering more than 10 seats or sending multiple COM.

How to calculate yardage if covering up to 10 seats

Based on pattern repeat, add the following percentage to the price list yardage requirement for COM, up to 10 frames:

Fabric Width	Plain to 6"	6" to 14"	15" to 20"	21" to 27"	Over 27"
54"	10%	20%	25%	30%	50%
52" - 53"	25%	35%	40%	45%	60%

- Add Horizontal & Vertical together to get total repeat.
- Fairfield is unable to accept COM/FOM fabrics that are **less** than 52" wide and that are **wider** than 60".

Please do not assume that fabric application is obvious. Attach a sample of your fabric in the space provided, paying careful attention to the top of the pattern and the face side of the fabric. Stripes will be applied vertically, unless otherwise noted. Also, please provide application instructions in the space provided (below).

- California Technical Bulletin 117-2013 is a mandatory flammability standard for component materials used to make upholstered furniture.
